**EUROPEAN ROPE SKIPPING  
CHAMPIONSHIPS 2024**

EGER | HUNGARY | JULY 14-20

Thousand years history, barokk environment, tasty wines, hospitality and colourful programs waiting for you in Eger.  
A city full of legends 130km far from Budapest.

## Dear Rope Skipping / Jump Rope Enthusiasts, dear Guests,

Twenty years ago, in November 2004, I was excitedly hopping up and down on the back seat of a car full of Austrian athletes. On the way to judge at my first European Championships. On the way to Eger, the city where we meet again in these days, to celebrate the European Rope Skipping Championships, combining the 22nd European Team Championships and the 15th European Individual Championships. Twenty years later we are back in the same arena. Some of us now in official roles. Some of us as judges or coaches. And some of us are back as athletes, which is indeed an incredible achievement. I would like to thank the Magyar Ugrókötelesek Szövetsége for their organisation, their thoughts and their initiative to make

the EC 2024 an unforgettable experience for all of us. This event is the fifth European Championships event taking place in Hungary. And since the first event in Budapest in 1999, the events were growing. The EC 2024 is the biggest European Rope Skipping Championships event in the history of the 31 years of the ERSO, with 640 athletes from 12 countries. In addition to the 640 athletes, we have 140 judges, coaches and officials here. A big thank you to all of you, who are training with the athletes, judging and working during the competition. Without YOU, this event could not take place. This leaves me wishing good luck to all the athletes, and let's enjoy 7 days of great sport and high-level competition.

*Silke Fürnschuß*  
President ERSO

# General competition information

All competitions will be run in accordance with the IJRU Judging Manual V3.0.0 and the IJRU Competition Manual V3.0.0, including the adaptations according to the ERSO rulebook modifications 2024.

All scores displayed during the competitions are unofficial. Preliminary results will be handed to the delegation leaders after each competition. If no objections are registered within the stipulated period of time, these results will become final. During the finals, the freestyle results are official immediately.

## Team competition description

There are ten Team events in the competition schedule. The events 1 to 8 form the All Around competition (TCAA). The events 1, 2, 5, 6 form the Single Rope Overall competition (TSRO). The events 3, 4, 7, 8 form the Double Dutch Overall competition (TDDO).

A team competing in the All Around/Overall competition may consist of 4-6 athletes.

In the European Open Tournament, there are no All Around/Overall competitions.

Besides the All Around/Overall teams, athletes can compete in different team compositions in the team events.

## The ten team events are

- 1. Single Rope Speed Relay (SRSR):**  
4 athletes x 30 seconds of Speed Steps
- 2. Single Rope Double Under Relay (SRDR):**  
2 athletes x 30 seconds of Double Under
- 3. Double Dutch Speed Relay (DDSR):**  
4 athletes x 30 seconds of Speed Steps
- 4. Double Dutch Speed Sprint (DDSS):**  
1 athlete x 60 seconds of Speed Steps
- 5. Single Rope Pair Freestyle (SRPF):**  
2 athletes performing a Freestyle of max. 75 seconds
- 6. Single Rope Team Freestyle (SRTF):**  
4 athletes performing a Freestyle of max. 75 seconds
- 7. Double Dutch Single Freestyle (DDSF):**  
3 athletes performing a Freestyle of max. 75 seconds

- 8. Double Dutch Pair Freestyle (DDPF):**  
4 athletes performing a Freestyle of max. 75 seconds
- 9. Double Dutch Triad Freestyle (DDTF):**  
5 athletes performing a Freestyle of max. 90 seconds
- 10. Wheel Pair Freestyle (WHPF):**  
2 athletes performing a Freestyle of max. 75 seconds

For each event, every country may have up to three entries in the European Championships (age 16+) and the Junior European Championships (age 12-15) in each gender category (male, female and mixed). In the European Open Tournament (age categories 12-15 and 16+) there are only two spots per country/age category/gender category.

In the case of the mixed category, both genders must be actively involved in each event.

## Individual competition description

There are four events in the competition schedule for individual athletes. The events 1 to 3 form the Individual Overall Competition (ISRO). Athletes can compete in the overall or in events only.

In the European Open Tournament, there is no Overall Competition.

## The four events in the Individual competition are:

- 1. Single Rope Speed Sprint (SRSS):**  
1 athlete x 30 seconds of Speed Steps
- 2. Single Rope Speed Endurance (SRSE):**  
1 athlete x 180 seconds of Speed Steps
- 3. Single Rope Individual Freestyle (SRIF):**  
1 athlete performing a Freestyle of max. 75 seconds
- 4. Single Rope Triple Under (SRTU):**  
1 athletes x as many consecutive Triple Unders as possible

For each event of the European Championships (age 16+) and the Junior European Championships (age 12-15), every country may have up to three entries in each gender category. In the European Open Tournament (age categories 12-15 and 16+), there are only two spots per country/age category/gender category.

## Scoring principles

During the speed events, the athlete's "Speed Steps" are counted by three judges and the results are averaged according to the rule book.

In the two power events "Double Under" and "Triple Under", each successfully completed double/triple under is counted.

The freestyle events are each judged by a jury of up to 14 judges.

These judges are divided in four categories:

- Difficulty judges: rate the difficulty level of each successfully completed skill
- Required Elements judges: check if the requirements for a "perfect freestyle" are met. They also count mistakes
- Presentation A judges: rate the execution of the skills and the form of the athletes and ropes. They also count mistakes
- Presentation R judges: rate the musicality and the composition of the freestyle

The difficulty score is the base score of the freestyle. Deductions are given for mistakes, space and time violations and missing required elements. Positive and negative marks from the Presentation A and R judges are multiplied to the base score so they can raise or lower the score.

The All Around and Overall results are calculated based on the rankings of the events. The athlete/team with the lowest rank wins the All Around/Overall competition.

In the Individual Overall competition, the rank of the freestyle is multiplied by 2.

In case of a tie in the All Around/Overall competitions, the scores for each event are recalculated into a normalized score. The normalized scores are summarized and the higher normalized score is ranked first in the tie.

Event results are based on the scores.

To ensure the smoothest possible competition flow, the number of speed stations varies from 4 to 8, depending on the number of entries per event.

For freestyles, there will be either one or two judges panels. If two judges panels are working, each panel will judge another event or another competition. This ensures that all athletes in one event/competition are judged by the same panel of judges.
